

Giardia lamblia

10E6

Certificate of Analysis

Batch number: 494 - 265

Production Data

Volume: 1ml
Viability: Inactivated - Gamma Irradiation
Catalogue Number: G10E6
BTF Production Date: 13 August 2014

Stock specifics

Strain: H3
Source: Gerbil
Date purified: 29 July 2014
Date Excreted: 29 July 2014
Purification Method: Sucrose and Percoll density gradient centrifugation
